

GoTranscript Translation Services

An end-to-end suite of technology-driven solutions
for every translation need.

Empowering Global Communication with Fast, Accurate Transcription

Fast, accurate, and reliable transcription is essential for organizations addressing a global audience. At GoTranscript, our technology-driven services ensure your message is communicated clearly—no matter the language or industry.

With expert in-house and freelance transcribers spanning 60+ countries, we bring specialized knowledge to every project, guaranteeing precision and consistency. Our streamlined processes capture every word flawlessly, helping you deliver the right message every time.

From large-scale initiatives to smaller tasks, GoTranscript provides the expertise, flexibility, and scalability you need to thrive in today's interconnected world. Count on our meticulous, high-quality transcriptions to power effective communication—wherever you do business.

”

GoTranscript saves us a substantial amount of time by replacing more expensive and slower translation services. Terms and phrases used in our industry are unique. Still, GoTranscript has been able to work with the background material easily and offer thorough support through a dedicated account representative. We're happy with the service and would strongly recommend it.

Steven J. Mercer

VP of Communications, U.S. Wheat Associates

”

We needed a reliable service to handle our translation and transcription tasks. What made us give GoTranscript a shot were fair prices and multiple language options. We also love the service's speed and reliability. GoTranscript aids us in the analysis of our primary research, referencing specific sections from our interviews, and providing reliable insights.

Ignacio Urdaneta

Associate Consultant, Trinity Life Sciences

”

We use GoTranscript primarily to transcribe and translate videos and interviews. We use this content for storytelling, mostly video and editorial. The service allows us to expedite the process and tell more complete stories both in video and written form. GoTranscript helps us produce content that allows our team to grow our fundraising year-over-year, even in the middle of the pandemic.

John Streit

Managing Editor and Writer, Operation Smile

What We Offer

GoTranscript delivers **100% human-made translation services** designed for precision, efficiency, and scalability. Whether you need standard text translations, specialized industry solutions, or API-driven workflows, our expert team ensures unmatched accuracy and security.

Our translation services include:

- **Machine Translation Post-Editing (MTPE)**

We refine machine-generated translations to ensure clarity, accuracy, and consistent terminology.

- **Human-Powered Text Translation**

Human-powered translations for documents, websites, and other written content, spanning a broad range of languages.

- **Audio/Video Translation**

Expert handling of multimedia content to deliver culturally relevant, comprehensive translations.

- **API Integration for Scalability**

Seamlessly incorporate our translation services into your platform, enabling high-volume workflows with real-time translation capabilities.

Why Choose GoTranscript Translation Services?

We offer an extensive pool of expert linguistic resources. The industry and subject-matter expertise of our in-house translation professionals ensures consistency, efficiency, and knowledge retention across every project. For added flexibility and scalability, we also maintain a global network of highly qualified, specialized freelancers who can customize solutions to meet your unique needs.

Native speakers of the target language guarantee that every subtlety and nuance is accurately captured, ensuring your translations resonate with local audiences. Throughout the entire process, we collaborate closely with you to employ best practices, maximizing both quality and efficiency.

Technology-Enabled Services to Improve Efficiency

At GoTranscript, we've built our **translation** workforce system entirely from the ground up. By eliminating reliance on third-party integrations, we reduce costs and safeguard against the security risks that often accompany external platforms. This end-to-end control also allows us to streamline our workflows, handle large volumes of content, and deliver consistently accurate results faster.

Our custom-built platform empowers us to optimize every stage of the **translation** process—ensuring we meet tight deadlines, maintain strict quality standards, and provide the flexibility our clients need. And with integrated analytics, we gain valuable insights for continuous process improvement, guaranteeing that our technology-driven services remain at the forefront of efficiency and innovation.

Integrated Quality Assurance and Management

No one wants to receive complaints about inaccurate or poorly handled translations, which is why we integrate quality management from start to finish. Our pre-qualified translation experts excel at delivering precise, contextually relevant content—ensuring every detail meets the highest standards of clarity and accuracy.

We employ a robust, best-in-class Quality Management System (QMS) to oversee each stage of the translation process. This includes real-time monitoring, immediate feedback, and continuous improvement, so you can trust that any project you entrust to us will be handled with the utmost care and attention to detail. For clients requiring an extra layer of oversight, we also offer a comprehensive two-stage translation and review procedure, delivering the utmost accuracy and peace of mind.

Unparalleled Scale, Whatever Your Transcription Needs

Whether your requirements are predictable or sudden, consistent or sporadic, GoTranscript seamlessly scales to meet them. By combining a technology-driven workflow, data analytics, and a vast global network of skilled transcribers, we deliver high-quality results—no matter the project size or timeline. Our agile approach and specialized local expertise ensure precision and excellence at any scale.

A Wealth of Experience, Trust, and Reliability

Founded in 2005, GoTranscript has developed deep expertise in providing world-class transcription services for clients across multiple industries. Trusted by over 2,000 universities worldwide and partnering with Fortune 500 companies and leading global brands, our commitment to quality, reliability, and transparency sets us apart.

Our straightforward, predictable pricing applies regardless of content type, languages, or turnaround times. For comprehensive oversight, we offer dashboards and reports that track costs and key performance indicators (KPIs) against service level agreements (SLAs). With a proven track record and dedication to excellence, you can rely on GoTranscript for accuracy and dependability—every time.
